

**First City Art Center provides educational opportunities to both artists and the community while contributing to the development of the arts in Pensacola and the Gulf Coast.**

The FCAC School Project is committed to providing an art experience that is accessible and enjoyable to all Escambia and Santa Rosa County students. At the Center students will have the opportunity to observe a working hot shop and pottery studio, visit an art gallery and meet local Pensacola artists. Students will be given a small souvenir to remember their trip to the Art Center.
